The philosophy at the Sean Boutilier Academy of Dance will always be to offer the very best in teaching staff and facilities to its students.

Junior, senior and adult students are offered the opportunity to participate in a fun and exciting year end performance, which takes place in June at the Living Arts Centre in Mississauga.

The schools offer our recreational children's level, adult and competitive students, either four (Mississauga) or six (Etobicoke) spacious studios that are viewable from monitors in the parents lounge. All studios have professionally sprung floors, either with hardwood or Marley in our fully heated and air conditioned custom built facilities. Also offered in our buildings are two lounge areas, men's and women's change rooms with lockers, student study and dining area, wireless internet, a dance wear boutique and free parking.

Our recreational and pre-professional students enjoy the highest quality of instruction by our professionally trained and accredited staff. **We use pianists, not CD's in all our ballet classes junior levels and up.**
